

Dual Academic Career Hiring Program Process and Guidelines

Purpose

As part of its commitment to the recruitment and retention of a diverse and world-class faculty, the Office of Provost) has established a Dual Academic Career Hiring Program to help support dual career academic appointments. This Program is designed to assist partners of full-time faculty members.

Increasingly, exceptional faculty and candidates for faculty positions are members of dual academic career couples. The availability of meaningful employment for an academic partner is often a critical factor in the employment decision process. Moreover, a major strategic priority of the University is the recruitment and retention of women and underrepresented minorities, which is especially impacted by dual career issues.

Procedures

The use of this Dual Academic Career Hiring Program is triggered when a faculty member or a Finalist for a position, as recommended and supported by the School/Department Faculty, Director/Department Chair, Dean, and Provost, raises a dual academic career opportunity.

A letter of interest and the CV of the faculty member's/finalist's partner (hereto referred as "partner") will need to be submitted to the Office of Faculty Success and Diversity at facultysuccess@utrgv.edu, who will initially facilitate the process by disseminating the information to the Dean and the Chair of the appropriate college and department to assess the partner's qualifications. If the partner has qualifications aligned with the mission and needs of the School/Department, College, and University, the Office of Faculty Success and Diversity will further assist with the process through one of the following three options.

- a) In cases where schools/departments/disciplines have an active/open search, and if the partner meets the School/Department criteria specified in the job announcement, the partner will be directed to apply for that position.
- b) In cases where Schools/Departments/disciplines had a failed search, the faculty in the discipline shall determine whether there is sufficient support to reopen the search and waive advertisement of the reopened position based on the partner's merit and qualifications as well as the needs and direction of the School/Department, College, and University.

- If so, the School/Department will initiate a Request for Waiver of Search/Advertisement for Faculty Positions.
 - If the Request for Waiver of Search/Advertisement for Faculty Positions is approved, the School/Department will conduct a formal interview of the candidate, and subsequently make its recommendation through the chain of command.
- c) If neither (a) nor (b) are viable options, the faculty in the discipline shall determine whether there is sufficient support for Expedited Hiring* based on the partner's merit and qualifications, as well as the needs and direction of the School/Department, College, and University.
- If so, the School/Department will initiate a Request for Waiver of Search/Advertisement for Faculty Positions.
 - If the Request for Waiver of Search/Advertisement for Faculty Positions is approved, the School/Department will conduct a formal interview of the candidate, and subsequently make its recommendation through the chain of command.

***Expedited Hiring**

- Facilitates the hiring of an academic partner when the department has sufficient demand for the hire but lacks the immediate resources to fund the faculty line.
- It is the responsibility of the Dean to work with the Provost (and Office of Faculty Success and Diversity) to identify the sources of funding for Expedited Hiring.
- Expedited hires are awarded all the rights and responsibilities of faculty with the same position and title.
- In no case is Expedited Hiring guaranteed.
- All offers are subject to the availability of funding.
- Expedited Hiring is not meant to displace existing faculty.

Additional Program Information

- This Dual Academic Career Hiring Program applies to all partner relationships.
- In no case are partner hires guaranteed.
- All appointment recommendations are at the discretion of the School/Department. All dual career partner candidates shall go through the formal interview process, including campus visit and presentation.
- All appointment decisions will be based on the merit and qualifications of the partner as well as the needs and direction of the hiring School/Department, College, and University.
- Advertisements will include verbiage and a hyperlink directing applicants to this Dual Academic Career Hiring Program.

**THE UNIVERSITY OF TEXAS RIO GRANDE VALLEY
REQUEST FOR WAIVER OF SEARCH/ADVERTISEMENT FOR FACULTY POSITIONS**

Date: _____ Expected Date of Hire: _____

College: _____ School/Department: _____

Title: _____

Tenure Status: Tenured Tenure-track Non-tenure Track Part/Full-time: _____

Candidate's Name: _____ Discipline: _____
